

Study Guide Driver Location Test

Queensland Passenger Transport Legislation requires that applicants for Taxi Driver Authorisation must have knowledge of common destinations and major connecting roads within the area they intend to drive.

A Location test is part of the Driver Training course and the test consists of 60 questions. Question 1 answered correctly to pass. (You must be able to list the main city streets in their correct order.) The remaining 59 questions are multiple choice.

A total mark of 45 is required to pass the test.
